Hi Emily,

Attached please find Monsanto's response to deficiency related to pending application for XtendiMax (M1768 Herbicide, EPA Reg. No. 514-617). A waiver for field volatility data on dicamba-tolerant corn has been submitted via EPA's electronic portal.

Please feel free to contact me should you have questions or need additional information.

Regards,  
Simone

Hi Simone,

I hope you have been well.

During their initial screen, EFED found issues that needs to be addressed regarding the field volatility study. I have attached the related letter and screen. If you have any questions, please don't hesitate to email me and I'll send them to EFED for their feedback right away.

Best regards,

Emily Schmid
